Kamco Invest company research reflects a long-term (12-month) target price for a company or stock. The ratings bands are: * Outperform: Target Price represents expected returns >= 10% in the next 12 months * Neutral: Target Price represents expected returns between -10% and +10% in the next 12 months * Underperform: Target Price represents an expected return of <-10% in the next 12 months In certain circumstances, ratings may differ from those implied by a fair value target using the criteria above. Kamco Invest policy is to maintain up-to-date fair value targets on the companies under its coverage, reflecting any material changes to the analyst's outlook on a company. Share price volatility may cause a stock to move outside the rating range implied by Kamco Invest's fair value target.
